Jerry Coogan, Attorney for Al Dumont
Tony Moehrke, Attorney for Al Dumont
Kelly Munyon, Jacobs Engineering
David Lederer, EPA Region I, Shpack site RPM

SITE:	4-0132
BREAK:	11.1
OTHER:	C 105.2

Mr. Moehrke suggested that this meeting be memorialized in some manner which could be presentable to a court. I agreed that Mike Thomas would be contacting Tong to discuss this.

Mr. Coogan and Mr. Moehrke listed the following details regarding the activities of various parties as those which deposited waste at the site according to interviews they had conducted with their client, Mr. Al Dumont.

Other details:

I asked both attorney's whether the above mentioned list and the handout list they gave us at the meeting applied to the Shpack land, the Dumont land or both. Mr. Moehrkle replied that the above pertained only to Shpack's land in Norton. Mr. Coogan interrupted to say that as a lifelong resident of Attleboro he was sure that the above materials were accepted by both Mr. Dumont and Mr. Shpack. Coogan said that the final place of deposition of the waste depended on whether the individual industry and whether they or their haulers had contracts to dump at either Mr. Dumont's or Mr. Shpack's property. Mr. Coogan added that both dumps were operated as burning dumps prior to 1966.
